COOPERATIVE AND UNDERSTANDING

US Applications Only - Bitcoin Casino Content Writer

★★★★★ 5.00 Jul 2018

Dylan was extremely cooperative in understanding the requirements I had set out for him and took the time to ensure what I wanted done.

This is a rare trait I see on Upwork as most freelancers I have hired thus far just look to get paid rather than take the time to really understand what the client needs.

On delivery, he was also accommodating to answer questions I had and made appropriate amendments to the article as requested.
